

4 BENEFIT

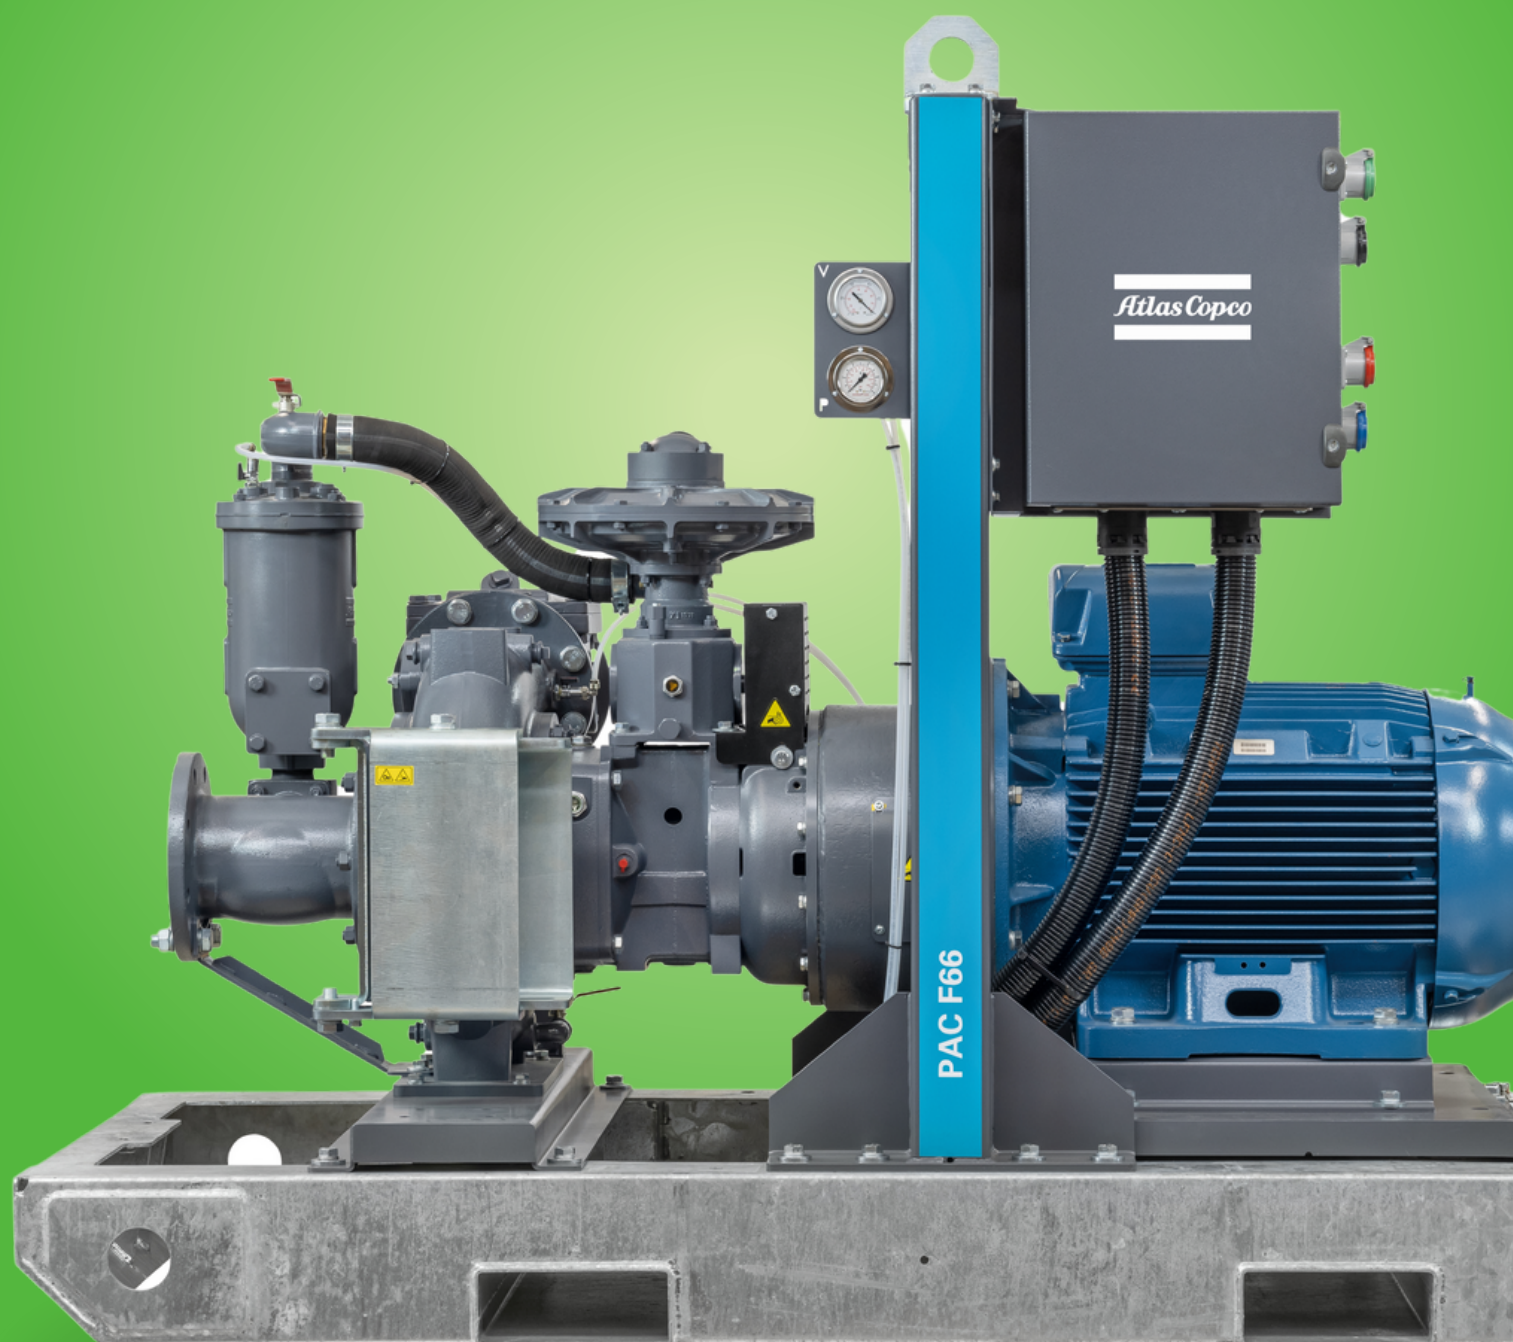

E-Pump >>

E-Pump, electric self-priming pump

NO FUEL CONSUMPTION AND REDUCED EMISSIONS

A fully electric
pump which
consumes no fuel
and has reduced
emissions

E-Pump, electric self-priming pump

UP TO 12 UNITS ON STANDARD FLATBED

2

Small size of the pump enables more pumps to fit in, saving transport cost.

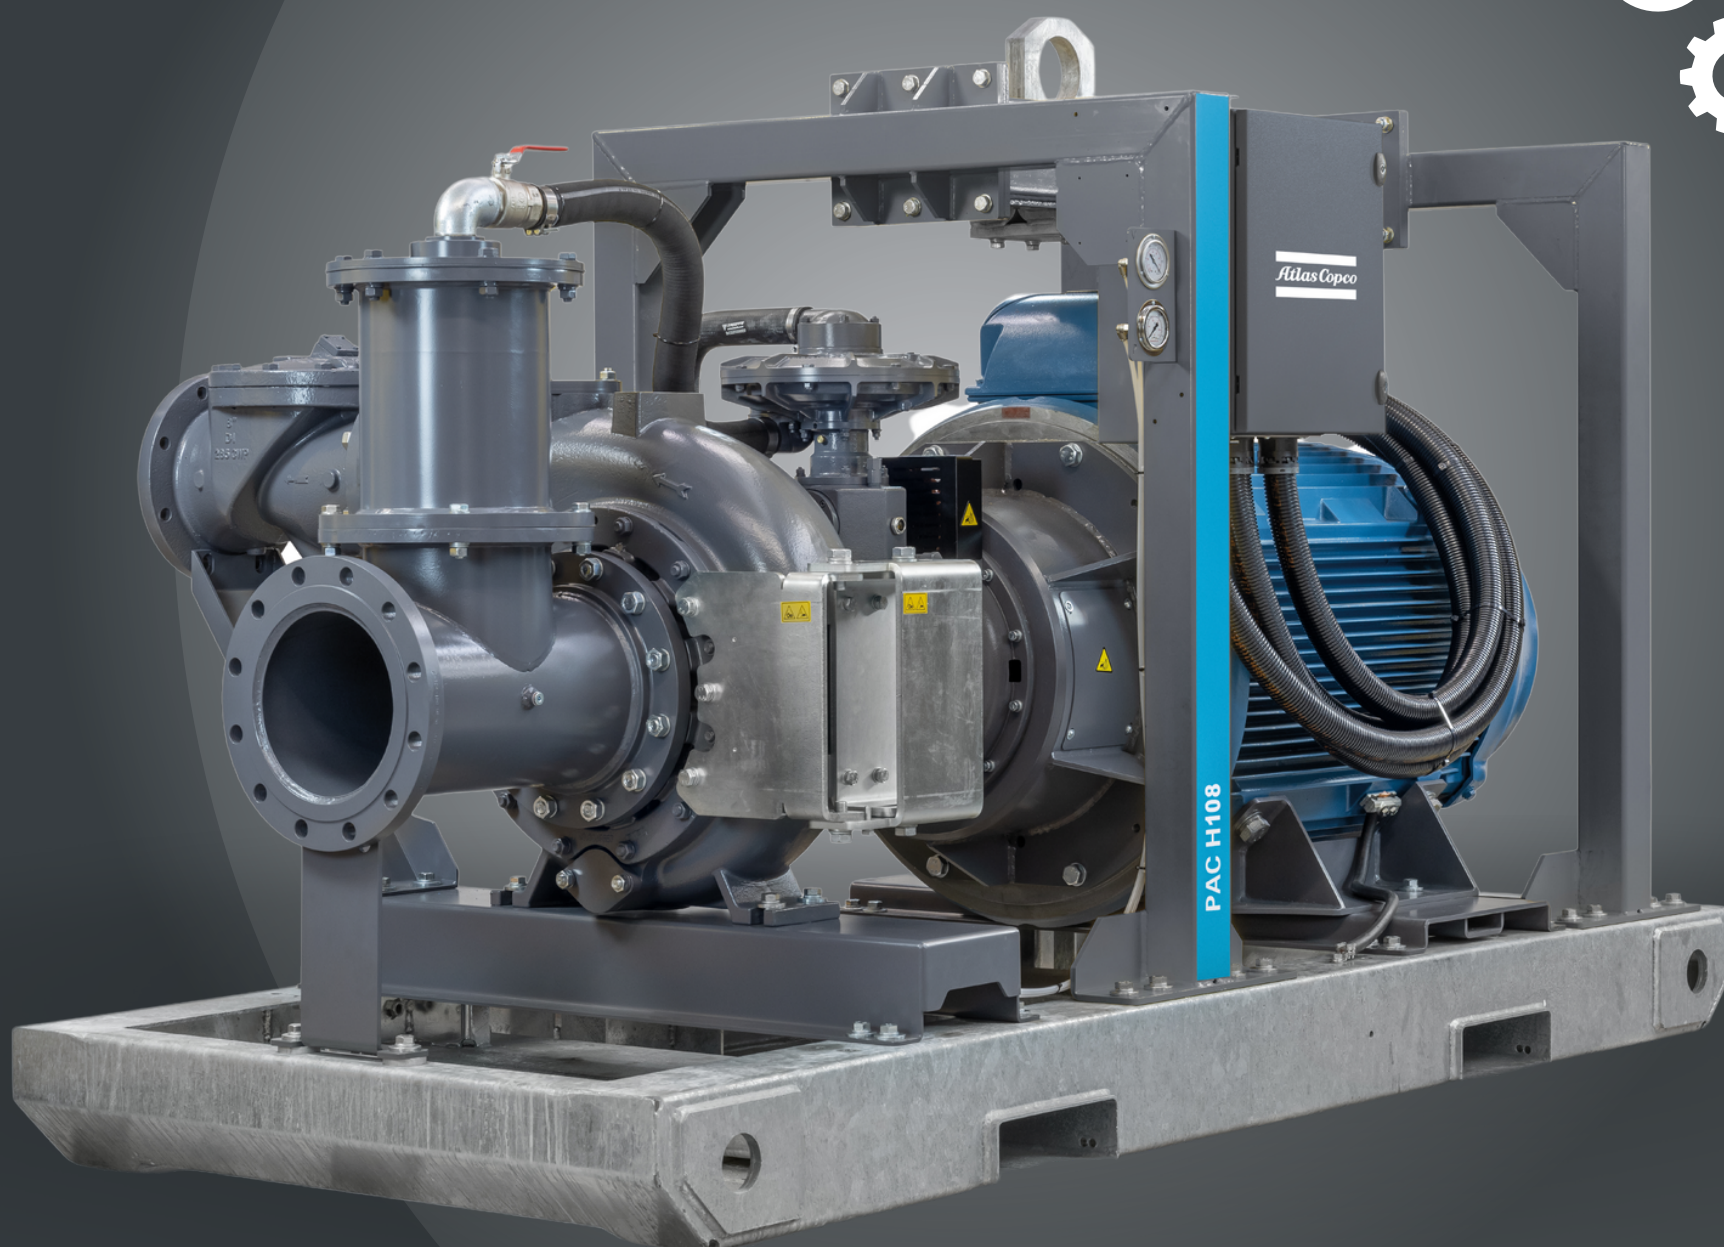

3

E-Pump, electric self-priming pump

LOWER TCO

Higher efficiency with lower machine downtime, lower parts costs, no refueling schedule or costs, resulting in lower total cost of ownership.

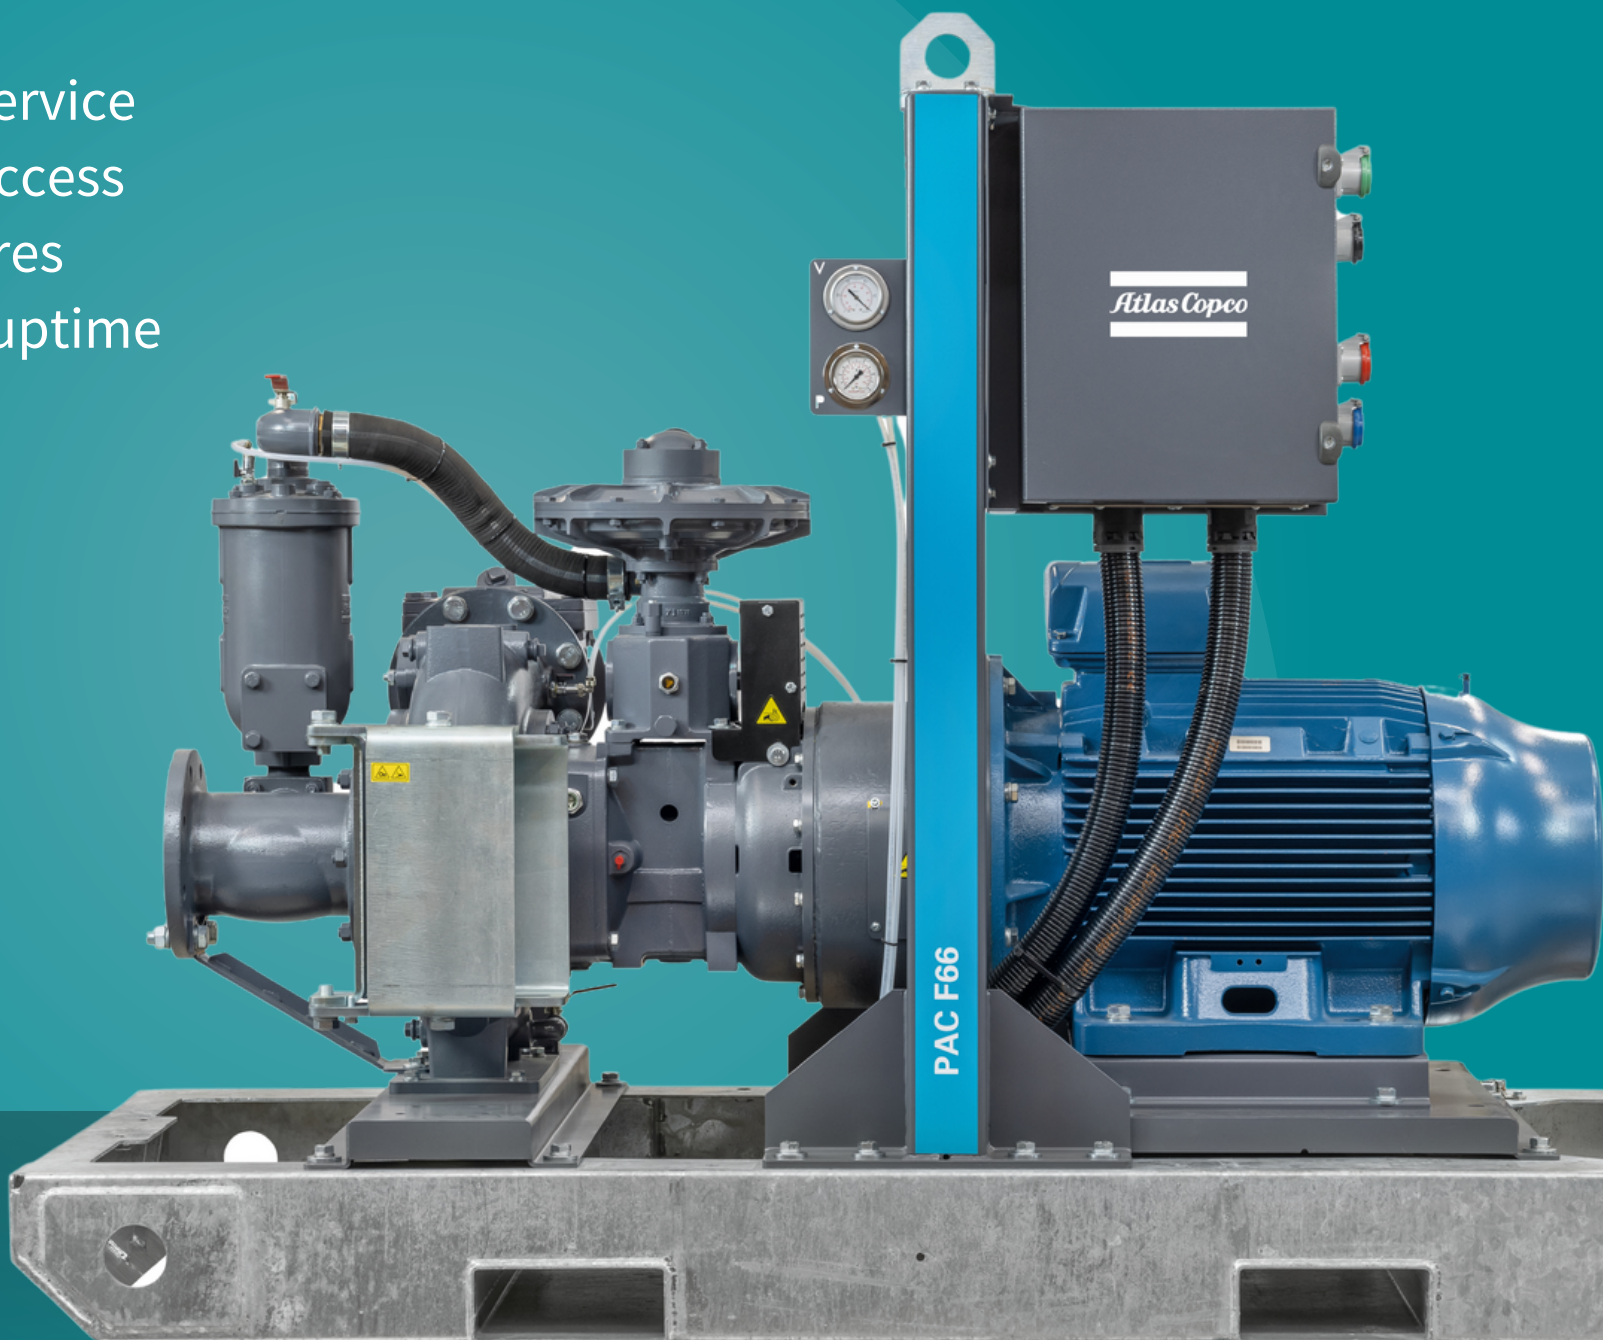

4

E-Pump, electric self-priming pump

EASY SERVICEABILITY AND CONNECTIVITY IN THE FIELD

Less time to service
with ease of access
features ensures
higher pump uptime

EPump

Electric, Efficient, Energy Saver
